OBJECTIVE

As a dedicated and ambitious student,actively looking for a job to apply my skills and contribute to innovative projects. Eager to learn and adapt,motivated to make valuable contributions to a dynamic team environment to further enhance my skills and gain hands on experience

EDUCATION

Jawaharlal Nehru Technological University Anantapur **2026**
B.Tech - Computer Science and Engineering -percentage - 80 *Anantapuram,Andhra pradesh*

Sri Chaitanya junior college **2022**
Intermediate - Percentage – 88.2 *Tirupati, Andhra Pradesh*

Sri Sai Ram high School **2020**
Schooling – Percentage - 96.5 *Bhakarapet, Andhra Pradesh*

COURSEWORK/SKILLS

- Data Structure and Algorithms (DSA)
- OOPS Concepts
- SQL
- Computer networks
- Cloud Computing
- Data Base Management System

PROJECTS

DeepFake Detection | Deep Learning,Convolution Neural Netwok(CNN)

- Implemented a robust three-layered approach to detect manipulated faces in images and videos by leveraging inconsistencies in noise patterns between the face and patch regions. This method utilizes Frequency domain analysis to enhance detection accuracy.
- Enhanced the detection process by integrating **SIAMNET and Inception V3 models**, which effectively analyze and correlate frequency domain signatures and domain inconsistencies, ensuring precise identification of manipulated regions in visual data.
- Attained a notable **accuracy rate of 95.15** alongside a **precision score of 95.27**, affirming the effectiveness of the developed deepfake detection solution

TECHNICAL AND PERSONAL SKILLS

Languages: Python , java

Technologies/Frameworks: HTML ,CSS, javascript

Developer Tools: VS Code , MySQL

Personal Skills: Fast Learner ,Critical Thinking ,Honest

ACHIEVEMENTS

- Successfully **published a research paper** at the prestigious 7th International Conference on Newer Engineering Concepts and Technology (**ICONNECT-2024**), detailing an innovative Double-Phase Siamese Network model for deepfake detection
- Secured **7th rank** in esteemed College Coding Competition(**Code Rush**),with over **120 participants** , highlighting problem-solving skills and technical prowess.

CERTIFICATIONS

- CLOUD COMPUTING—Certification in National Programme On Technology Enhanced Learning (NPTEL).
- HackerRank-- SQL ,PYTHON Certification demonstrating expertise in programming and data analysis.
